I've got a big problem.
[Retired heroes side]
1. Retired hero: Magician(Sky Garden)
A couple people from the union just came and there's a problem
This thread might be in the wrong place but I really have no choice left
Anyone here?
2. Retired hero: Company Employee (Parallel universe #8)
Hey there!
no image
3. Retired hero: Student(Global state)
I'm here!
I've got a test tomorrow!
4. Retired hero: Soldier (Glum empire)
Reporting in. Student, go study for your test already!
5. Retired hero: Prince(I Das)
What happened?
Please explain the situation
right

Here (retired me) Here (newborn) Here
Total (summoned) chaos
A problem has just cropped up over here
7 Retired hero Prince(I Das)
Having several heroes in the same world is rather rare
What are you currently doing
Ret red hero Student (Global state)
There s a test tomorrow

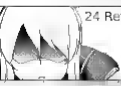
9 Ret red hero Mag c an(Sky Garden)
[Test Notes]
I m leaving
Mag c an s
M a g i c i a n

I've retired from my duties as a hero.
I disappeared to just live quietly in the countryside.
Sorry, I'm panicking here...
marrying the princess and becoming king was too much for me
I'm just learning more magic.
Recently
people have taken to calling me
sage of the forest
16 Retired hero Company Employee (Parallel universe #8)
Sage of the forest lol
17 Retired hero Soldier (Glum empire)
Sage of the forest lol
ｱﾊｯ
ﾊｯﾊｯ

No magic
18 Ret red hero Student(Global state)
If a hero was born why was another one summoned? Is the demon lord that strong?
19 Ret red hero Sage(Sky Garden)
It seems the kingdom didn t know of the hero s birth so they summoned one
20 Ret red hero Soldier(Glum empire)
But doesn t the kingdom know about you? Didn t they come to talk before summoning?
And lol at the name
I was a hero around 200 years ago...
the people who know of me are gone by now
Ah... That s why

23 Ret red hero Student (Global state)
You re a cheater
You ve augmented your body
You re immortal

24 Ret red hero Prnce (I Das)
.....



25 Ret red hero Soldier (Glum emp re)
YYou —Bring ng that up around Prnce

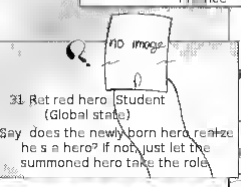
26 Ret red hero Student(Global state)
Oh yeah Prnce can t succeed the throne because he s mmortal now
And he was the frst n Ine

27 Ret red hero Company Employee(Parallel un verse #8)
You just shut it I ll cram those test papers nto your mouth

28 Ret red hero Student(Global state)
Woohoo!
I ve got one of the quest ons for tomorrow s test!

29 Ret red hero Company Employee(Parallel un verse #8)
Th s student s just too much
And Prnce you returned?
Pr nce?

31 Ret red hero Student (Global state)
Say does the newly born hero realze he s a hero? If not just let the summoned hero take the role



I was th nk ng of clean ng my favor te sword

Ah sorry

the reason he wasn't noticed is because he was born way out in the sticks
So
the current situation is such
Also
he has the blessing of various spirits
Realize doesn't begin to describe it
"so there's 2 heroes?
Wat
•The country is in chaos
The demon lord appears!
The kingdom summons a hero!
But a hero with blessing makes his appearance from the country's de
That's how it is

37.Retired hero Company Employee(Parallel universe #8)
But why does it matter? You've already retired you're living a quiet life What's the issue?
38.Retired hero Prince(Last)
Now you're just pathetic.
No I certainly feel something.
but Prince while there are people like you
in my world heroes are disposable
Marrying the princess was
just to keep powerful heroes from rebelling
No one ever really respected us

43 Retired hero Sage
(Sky Garden)
The princess only viewed me as a monster
In that case isn't as Company Employee says? It has nothing to do with you
I mentioned how I'm the sage of the forest right?
About that
44 Retired hero Prince
(I Das)
I see
My apologies
what do I do?
coming for advice
people are
Well
48 Retired hero Company Employee(Parallel universe #8)
What indeed...
49 Retired hero Soldier
(Glumpire)
Three heroes meeting huh?
That gets my blood pumping!

he flew off...
The union's network isn't enough
50.Retired hero: Prince(I Das)
What's the union doing?
Surely the summoned hero understands the situation?
But, He does!
responses like
we can't do anything about t
complaining just gives you
54.Retired hero: Prince(I Das)
Still, what's done is done. Is there something you can do?
Meaning? ?
Sky Garden's magic doesn't cease to amaze me.
Skills that the union can't track...

Ready Fight!
56.Retired hero: Student (Global state)
If Sage joins the demon lord, it evens out!
no image
57.Retired hero: Soldier (Glum empire)
You just keep spouting nonsense!
58 Retired hero: Company Employee(Parallel universe #8)
And here I thought it was nice and quiet
59 Retired hero: Prince(I Das)
Student: I have something to discuss with you after you finish that test meet me in the union's lobby
60 Retired hero: Student (Global state)
I'm off to study!
Night!
61 Retired hero: Company Employee(Parallel universe #8)
He sure was excited to sleep
Well whatever I have nothing to do with th
62 Retired hero: Soldier (Glum empire)
Good grief

53 Retired hero Company Employee (Parallel universe #8)
By the way, does the summoned hero have any summoning compensation with him? If he has magic or augmentations, can't you have him sell it back?
That's a bit tough
the kingdom did summon him after all
But yeah, he has the compensation with him.
65 Retired hero Soldier (Glum empire)
You can't exactly call either hero fake since they're not
But you can't call them both heroes that's just weird Yet they're both heroes.
Retired hero Soldier (Glum empire)
Look who's talking you're over 200 years old
68 Retired hero Company Employee (Parallel universe #8)
Say what's the demon lord like? How would you judge him?
That's why I told the union to do something
Adults are just unfair

The union labeled him as level 5
Ah
He's just like the one I defeated
The demon lord is normal
73 Retired hero Company Employee (Parallel universe #8)
So you can't really tell them to work together to beat t
Why is the demon king, after 200 years,
level 5 yet again?!
Try a little harder!
And really,
why is it that after 200 years, his magic hasn't improved ?!
76 Retired hero Soldier(Glum empire)
Looks like the sage of the forest(lol) is nearing the limit of his patience Soon enough he won't be making sense

77 Retired hero Company Employee
Does this mean that Sage will be joining the demon lord?
78 Retired hero Soldier (Glum empire)
So he's using the student's idea?
No no no.
I wouldn't think of it
80.Retired hero: Prince(I Das)
That's not for certain.
81 Retired hero Company Employee
Oh, you're back?
Not that they liked me as a hero...
No!
I don't wanna join the demon lord! Everyone will hate me then!
84 Retired hero Soldier (Glum empire)
Don't get depressed now!

85 Retired hero Soldier
I was looking at the union s records
the two heroes situation has precedents
87 Retired hero Company Employee(Parallel universe #2)
Seriously?
A pair of heroes
Sage
Is there a two in one sort of treasure in your world?
90 Retired hero Sage
Even if you ask me it s so sudden I don t know
91 Retired hero Soldier
lol Sage

I need to know or I can't help
94 Retired hero Company Employee (Parallel universe #8) Actually, since Sage's world Sky Garden has all those magics, couldn't he just create one?
The crimson dragon's horn and the scarlet demon's stone could make a fire sword
The blue dragon's horn and the hard ice demon's stone could make an ice sword
I could
that's right
Oh yeah
97 Retired hero Sage How's that?
By giving them the twin swords they'll become a pair
That would be perfect
101 Retired hero Company Employee(Parallel universe #8) So the two heroes will be a set? Will that work?

That won't be a problem
What about the balance of power?
But even if you give them the swords
isn't the demon lord still level 5?
Sage will make a sword
that rivals the twin swords
and arrange for the demon lord to obtain it
Huh?!
I just got the union's permission
it's their fault in the first place
The real issue is leaving it to Sage

Prince
Allow me to impart the truth onto you
well I already have
Hmm
so I'll need a sword to rival the two swords
The lacquer dragon's horn and porcelain demon's stone won't be enough
adding black crystals a golden dragon's scale to add lightning
along with the claws of the purple and dark chestnut beasts.
and then strengthening the darkness
I'll leave the sword to you then Sage
No need to worry about delivering the sword.
the union will handle that part
